#### INTRODUCTION

This report provides a cross-classification of (a) official language, and (b) mother tongue, by ethnic groups and sex. It supplements previous 1961 Census reports on this subject in the Volume I series which provided basic distributions by official language and mother tongue (Bulletin 1.2-9) and a cross-classification of language by age groups (Bulletin 1.3-5).

In the census a person's ethnic or cultural group is traced through his father. In 1961, each person was asked the question, "To what ethnic or cultural group did you or your ancestor (on the male side) belong on coming to this continent?" The language spoken at that time by the person, or his paternal ancestor was used as an aid in the determination of the person's ethnic group. Special instructions were provided in cases where the language criterion was not applicable.

"Official language" in the census refers to the number of persons who reported they were able to speak either one or both of the official languages of Canada. It should be noted that persons indicated as speaking "English only" or "French only" may also speak other languages and have a mother tongue other than English or French.

Mother tongue is the language a person first learned in childhood and still understands. Since most persons with a mother tongue other than English or French have a mother tongue which is the same as or corresponds to their ethnic group, the following abbreviated classification of mother tongues is shown in the tables of this report: (a) English, (b) French, (c) mother tongue corresponding to ethnic group, and (d) other mother tongues as a group. Thus for any particular ethnic group, as for example Italian, the mother tongues can be read as English, French, Italian and Other.

Le présent rapport donne un classement de la population selon a) la langue officielle, et b) la langue maternelle par groupe ethnique et sexe. Il complète les rapports antérieurs du recensement de 1961 sur le sujet, contenus dans le 1er volume et qui donnaient les répartitions fondamentales de la population selon la langue officielle et la langue maternelle (Bulletin 1.2-9) et un classement recoupé des langues par groupe d'âge (Bulletin 1.3-5).

Au recensement, le groupe ethnique ou culturel d'une personne est déterminé d'après celui de père. En 1961, chaque personne devait répondre à la question suivante. "A quel groupe ethnique ou culturel appartenait votre ascendant paternel (ou vous-même) lors de son arrivée en Amérique?" La langue que parlait à ce moment-là la personne, ou son ancêtre paternel, a aidé à déterminer son groupe ethnique. Des directives spéciales visaient les cas où la langue ne pouvait servir de critère.

La "langue officielle", au recensement, porte sur le nombre de personnes qui ont déclaré pouvoir parler l'une ou l'autre des deux langues officielles du Canada, ou les deux. A remarquer que les personnes qui déclarent parler "anglais seulement" ou "français seulement" parlent peut-être d'autres langues et leur langue maternelle peut être autre que l'anglais ou le français.

La langue maternelle est la première que la personne a apprise et qu'elle comprend encore. Étant donné que la plupart des personnes dont la langue maternelle est autre que l'anglais ou le français parlent la même langue que celle de leur groupe ethnique ou une langue qui lui correspond, les tableaux du présent rapport donnent le classement abrégé suivant des langues maternelles: a) anglais, b) français, c) langue maternelle correspondant au groupe ethnique, et d) autres langues maternelles (groupe). Ainsi, relativement à tout groupe ethnique, comme par exemple italien, les langues maternelles peuvent être l'anglais, le français, l'italien et autres.

Thus for any particular ethnic group as for example Italian, the mother tongues can be read as: English, French, Italian and all other. British Isles includes English, Irish, Scottish and Welsh, while mother tongue corresponding to this ethnic group includes Gaelic and Welsh; n.o.s.=not otherwise specified; Scandinavian includes Danish, Icelandic, Norwegian and Swedish.

Nota: Étant donné que la majorité des personnes dont la langue maternelle est autre que l'anglais ou le français ont une langue maternelle qui correspond ou se rattache à leur groupe ethnique, la liste des langues maternelles autres que l'anglais ou le français a étéramenée aux deux groupes indiqués. Ainsi pour tout groupe ethnique particulier, comme par exemple italien, on lira comme langue maternelle: anglais, français, italien et toutes autres. Britannique comprend anglais, irlandais, écossais et gallois, tandis que la langue maternelle correspondant à ce groupe ethnique comprend gaélique et gallois; n.a.é.=non autrement énuméré; Scandinave comprend danois, islandais, norvégien et suédois.

Note: Since the majority of persons with mother tongues other than English or French have a mother tongue which corresponds or is related to their ethnic group, the list of mother tongues other than English or French is abbreviated into two groups as shown. Thus for any particular ethnic group as for example Italian, the mother tongues can be read as: English, French, Italian and all other. British Isles includes English, Irish, Scottish and Weish, while mother tongue corresponding to this ethnic group includes Gaelic and Weish, Scandinavian includes Danish, Icelandic, Norwegian and Swedish, Nota: Etant donné que la majorité des personnes dont la langue maternelle est autre que l'anglais ou le français on tune langue maternelle qui correspond ou se rattache à leur groupe ethnique, la liste des langues maternelles autres que l'anglais ou le français a été ramenée aux deux groupes indiqués. Ainsi pour tout groupe ethnique particulier, comme par exemple italien, on lira comme langue maternelle: anglais, français, italien et toutes autres. Britandais, italien et butes autres. Britandais, italien et gallois, tandis que la langue maternelle correspondant à ce groupe ethnique comprend gaélique et gallois. Scandinave comprend danois, islandais, norvégien et suédois.

Ainsi pour tout groupe ethnique particulier, comme par exemple italien, on lira comme langue maternelle: anglais, français, italien et toutes autres. Britannique comprend anglais, fitandais, écossais et gallois, tandis que la langue maternelle correspondant à ce groupe ethnique comprend gaélique et gallois. Note: Since the majority of persons with mother tongues other than English or French have a mother tongue which corresponds or is related to their ethnic group, the list of mother tongues other than English or French is abbreviated into two groups as shown. Thus for any particular ethnic group as for example Italian, the mother tongues can be read as: English, French, Italian and all other, British Isles includes English, Irish, Scottish and Welsh, while mother tongue corresponding to this ethnic group includes Caelic and Welsh. Scandinavian includes Danish, Icelandic, Norwegian and Swedish. — Nota: Etant donné que la majorité des personnes dont la langue maternelle est autre que l'anglais ou le français ont une langue maternelle qui correspond ou se rattache à leur groupe ethnique, la liste des langues maternelles autres que l'anglais ou le français a été ramenée aux deux groupes indiqués. Ainsi pour tout groupe ethnique particulier, comme par exemple italien, on lira comme langue maternelle: anglais, français, italien et toutes autres. Britannique comprend anglais, irlandais, écossais et gallois, tandis que la langue maternelle correspondant à ce groupe ethnique comprend gaélique et gallois. Scandinave comprend danois, islandais, norvégien et suédois.
